Affordability

In assessing the affordability of this mortgage, we make assumptions about the possibility of a shortfall in rental income (for example, arising as a result of void periods, rental arrears or lower than expected rental income), increases in running costs, and higher mortgage payments due to increased interest rates. Our assessment is also based on the use of personal income to cover any shortfall where the rental cover calculation at our current affordability rate is not met. You should therefore carefully consider the potential risk of any or all of these events occurring and your ability to continue to manage your mortgage payments.

Your Affordability

Tell me about your monthly expenditure

Our assessment on whether you can afford this mortgage is based on:

- Current interest rates, which may rise in the future
- Your current circumstances, which might change in the future
- The use of personal income to cover any shortfall where the rental cover calculation at our current affordability rate is not met

Your information

Barclays is committed to protecting your personal data. We will use your information for a number of different purposes, for example, to manage your account(s), to provide our products and services to you and others and to meet our legal and regulatory obligations. We may also share your information with our trusted 3rd parties for these purposes. For more detailed information on how and why we use your information, including the rights in relation to your personal data, and our legal grounds for using it, please go to [barclays.co.uk/important-information/control-your-data](https://www.barclays.co.uk/important-information/control-your-data) or you can request a copy from us.

Credit reference agencies and fraud prevention agencies

In order to process your application we will supply your personal information to credit reference agencies and fraud prevention agencies and they will give us information about you, such as about your financial history. We do this to assess creditworthiness and product suitability, check your identity, manage your account, trace and recover debts and prevent criminal activity. These agencies may in turn share your personal information with other organisations. If fraud is detected, you could be refused certain services, finance or employment. Once you open an account with us, we will share account data with the credit reference agencies on an ongoing basis.

If false or inaccurate information is provided to us and fraud is identified, details may be passed to credit reference and fraud prevention agencies to prevent fraud and money laundering and to verify your identity.

The Credit Reference Agency Information Notice (CRAIN) describes how the three main credit reference agencies in the UK each use and share personal data. The CRAIN is available on the credit reference agencies' websites:

- transunion.co.uk/crain
- equifax.co.uk/crain
- experian.co.uk/crain

Or you can ask us for a copy of these.

For more details on how information held by credit reference agencies and fraud prevention agencies may be used, please go to barclays.co.uk/important-information/control-your-data or you can request a copy from us.

Sharing information about you with tax authorities abroad

If we have reason to think that you are required to report your income or are subject to tax in another country, we may have to share information about your accounts with the UK or relevant tax authorities, either directly or via the local tax authority who may share that information with the appropriate tax authorities abroad. If we need to request extra documents or information from you about this, you must supply these. If you don't, you agree that we may close your account, or, if the law or other regulations requires us to do so, you agree that we may withhold parts of certain payments received into your account and pass withheld funds to the relevant tax authorities (this is more likely if you leave the UK and become resident for tax purposes in another country).
