

Additional Case Information (ACI) for intermediaries

To be used if you need to provide us with additional information about a case which we need to be aware of when making our assessment. This is not an exhaustive list but examples include:

- Any known or possible future changes to income or expenditure
- Important information about the property
- Response to a query from the underwriter

Complete and uploading this form to a case using 'bulk upload' which will generate a task for an underwriter to review the case and consider the additional information, within the current service levels.
