Intermediary Hub

Real-time case updates

Enjoy real-time detail, information and progress updates concerning your cases with us.

Live Chat

A brand new online chat system has been developed with a dedicated team on-hand to support your queries and questions.

Access Anywhere

The system is built to the latest technology standards, which means you can gain access on any device, day-or-night, putting them in control 24/7.

Live Chat

The system uses SSO technology, which further simplifies the daily process of case information.

'Knowledge' help centre

Have a question? The 'Knowledge' help centre will be the new location for all of our help guides, tools and collateral.

Stay informed

Keep informed with the latest news, product launches and policy changes with our live personalised feed and My News centre.

Existing Barclays Customers

Access existing customer data within the Hub, making it even easier to work with us and retain business with Barclays.
